Perseverance Wins: *Strive to Succeed*

January 29th 2018

Mr. Chris Bonterre

ARROW Foundation

Dear Sir,

We the principal, staff, students and parents of the Mayaro Government Primary School wish to thank you and your foundation for embracing our school in Phase II of the ARROW programme. Phase I has shown to be a remarkable success as printed out in a previous letter. The students who participated in this initial programme continue to reap the rewards as they can cope better with reading throughout the school's curriculum.

The four (4) members of staff who were trained and certified are eager and ready to engage other groups of students to duplicate similar benefits. Our students and by extension the entire community of Mayaro are therefore extremely thankful for this continued opportunity.

Thank you once again for this privilege of being a part of Phase II of the ARROW Programme

Yours respectfully

Mohan Sadal

Principal Primary (Ag)
